2. Complaint investigation

2.1. On 8 October 2004 the Complainant submitted a complaint alleging anti-competitive conduct by BMW.

2.2. The Commission investigated the complaint and referred (on 4 September 2008) the following particulars of the complaint to the Tribunal for determination:

2.2.1. BMW engages in the practice of resale price maintenance in contravention of section 5(2) of the Act in that it does not permit authorised dealers to offer discounts to customers in respect of motorcycles and accessories.

2.2.2. BMW abuses its dominance in contravention of section 8(c) of the Act in that it prevents authorised dealers from competing for customers in areas outside their DARs whilst not imposing a similar restriction against BMW Lifestyle Centre. Alternatively to section 8(c), that this conduct of BMW amounts to a prohibited vertical practice in contravention of section 5(1) of the Act.

2.3. BMW filed answering affidavits in which it denies the allegations against it. It does not admit any of the alleged contraventions, including in this agreement.

3. Withdrawal of part of the complaint referred

3.1. On 11 November 2009 the Commission formally and unconditionally withdrew the complaint based on sections 8(c) and 5(1) of the Act.

4. Set down of the complaint

4.1. The complaint relating to section 5(2) of the Act was set down for hearing before the Tribunal from 15 to 19 March 2010.

4.2. The Commission filed three witness statements on 16 February 2010. It confirmed to BMW on 22 February 2010 that it would not be filing any further witness statements. BMW filed nine witness statements, the ninth of which was filed on 8 March 2010.

5. The Commission's considerations for settlement

5.1. In agreeing to settle with BMW, the Commission has taken into account the following:

Q A

5.1.1. One of its key witnesses no longer wishes to testify and refuses to accept any subpoena.

5.1.2. BMW terminated its dealer agreement with the Complainant during 2002 and/or early 2003. The conduct complained of by the Complainant relates to the period when BMW and the Complainant were still contracted to each other.

5.1.3. The termination of the dealer agreement resulted in High Court proceedings between BMW and the Complainant which are unrelated to this complaint. BMW has expressed a willingness, independently of these competition proceedings, to enter into discussions with the Complainant to resolve the High Court litigation – which concerns commercial disputes between BMW and the Complainant.

5.1.4. BMW agrees to give relevant undertakings as to future conduct as set out below.

② A

6. Agreement concerning future conduct

6.1. Notwithstanding that BMW denies that it has contravened section 5(2) of the Act, it undertakes, in order to resolve the complaint referral, that it will not in future enforce any rule, policy or practice against its authorised dealers not to give any discounts to customers in respect of motorcycles and accessories (helmets, rider gear, boots, gloves, top boxes, panniers and the like) which it imports and sells in South Africa through its network of authorised dealers.

7. Full and Final Settlement

7.1. This agreement, upon confirmation by the Tribunal, is entered into in full and final settlement and concludes all proceedings between the Commission and BMW relating to any alleged contravention by BMW of the Act, and without limiting the generality of the foregoing, from all and any alleged conduct by BMW that is the subject of the Commission's referral under CC case number 2004Oct1239 and Tribunal case number 97CRSep08.
